

Charter, Consultancy, Research & Training

With over 40 years experience in the marine industry, North 58° Marine is a services firm, specialising in training, charter, consultancy and research, working with both public and private sector industries, and organisations. North 58° marine provides a high level of expert commercial and scientific services in the marine environment. All our skippers & crew are experienced and trained to MCA standards, and all vessels are coded up to MCA Category 3.

Extensive knowledge of the Moray Firth area and regularly work around other Scottish waters.

Our vessels are currently based within the Moray Firth and are available for deployment in other areas at short notice.

Certification is available for inspection aboard the vessels.

Registered Company No. SC473309
